ORGANIZATION (Office, dept., bureau, etc.)

TELEPHONE NO.

Paul Wood, Assistant State Fire Marshal, State of Missouri

(314) 751-2930

SUBJECT

Gelled Petroleum(MCR) on Dwight Thomas's property.

SUMMARY

I called Mr Wood. to determine if the State Fire Marhasl's office had any authority concern-
ing the two drums of 'napalm' on the Thomas property. Upon determining that the material
is not located within a city limits, he stated that his office had no jurisdiction over it.
Mr. Wood suggested that I call the Missouri Highway Patrol Bomb Squad. He stated that they
had a portable container within which they could detonate explosive dèvises etc. I attempted
to call but there was no one available today. There should be tomorrow. I will call back.
Contact is J. D. Simmons (he is on vacation) Phone- (314)751-3313.

Friday Nov. 7,1986, I finally got in touch with Sgt. Cox in J.D. Simmons' office. After
explaining the situation he stated that to the best of his knowledge there was no Missouri
law prohibiting the storage of napalm on private property. He said that he would check
a little further into it but did not expect to find any thing which would allow us to
act upon. He suggested that we contact the military concerning the disposal. He did
not seem toothink that their facilities would handle the napalm.
